

NORTH CAROLINA WATERWORKS OPERATORS ASSOCIATION

2019 Spring Exhibits Day Wednesday, April 10, 2019

Your company is invited to participate in the Exhibits Day Show during the North Carolina Waterworks Operators Association (NCWOA) Spring School.

The operators training course will be held at the Hickory Metro Convention Center (1960 13th Ave Drive SE, Hickory NC 28602) during the week of April 8-12, 2019. The Advanced Day Program for managers, superintendents and operators will be held in a session format on Wednesday, April 10, 2019. We anticipate between 250-300 water treatment professionals will be in attendance on Exhibits Day. You can clearly see the benefit of participating and taking advantage of this targeted audience.

We would like each exhibitor to bring a door prize & during each of the breaks we will have everyone gather at a specific booth for that booth to draw a winner for their door prize. We plan to have at least 7 breaks. The more exhibitors participating, the more drawings we will have.

The 2019 sponsors and advertisers in last year's NCWOA Directory and 2018 Advanced Day Exhibitor participants will receive advance notification of this year's show.
